Some of the best dishes on the menu are the Russian salad with Cantabrian Spider Crab, typical stews to eat with spoon, old cow cutlet, canned rice with Iberian meat, broken eggs with *Carabineros* (photo), grilled sole with black butter... And always marinated with the best wines [@casaorellana](https://twitter.com/casaorellana)

## LA CASTELA

One of the best places to have tapas in Madrid, if you find a free place. In this tavern, the most famous is the Tuna belly cake (photo), chickpeas with prawns, rice with octopus, seafood *croquetas*, sirloin... And depending on the season, grilled artichokes, octopus salad with flowers, bluefin tuna or scallops. Staff here is very nice, efficient and the beer is well served and very, very cold!
